Maintenance and Cleaning

Clarin Portable Seating

Portable Seating Maintenance and Cleaning Instructions

Tablet surfaces require minimum maintenance. To clean laminates, use mild solution of water and detergent. Wipe clean with a dry cloth. Difficult stains such as coffee or tea can be removed using a mild household cleaner/detergent and a soft bristle brush, repeating as necessary. If a stain persists, use a paste of baking soda and water and apply with a soft bristled brush. Light scrubbing for 10-20 strokes should remove most stains. Dry thoroughly. Do not scrub excessively. Occasionally apply a light coat of wax to maintain bright, attractive surface.

Clarin portable seating Products all steel frames can be kept clean with a mild soap and water solution. Dry thoroughly.

Clarin recommends professional upholstery cleaning for best overall results. The following cleaning methods can be used for regular care with upholstery fabric:

- Vacuuming or light brushing is recommended to prevent dust and soil buildup.
- Clean with water-based cleaning agents, foam or pure water-free solvents.

Clarin recommends the following cleaning methods for upholstery vinyl:

- Prompt and energetic washing using a mild soap solution.
- Regular cleaning using mild soap and water, then fresh water rinse.

Note: The information provided above should be viewed only as a service or guideline, not as a warranty.
